

December 1994

When we go a' cruising,  
Time quickly passes by,  
It's spring, it's summer, fall,  
Wow, the winter season's nigh.

So, we hope you get great presents,  
And eat luscious Christmas dishes,  
And, for the coming New Year,  
We send along good wishes.

For health, a #1 priority,  
For joy and pleasure in your schemes,  
For wealth, or at least prosperity,  
And the fulfillment of your dreams.
