them and the improvement was almost immediate. It was an interesting experience.

It took us almost a week to unpack. We actually vegetated about 3 days first. We didn't do any cocktail hours or dinners out until the 13th when we did Manages Happy Hour.

Not necessarily in order chronologically.

The folks on Neptune - Arley & Barb, asked everyone on the pier to get in the Christmas spirit and decorate their boats with lights. For the first time ever, we did so. Mort created a relatively small tree of lights on our top deck. (It occasionally flashes). We were also in the Christmas boat parade with our dingy. It was great fun and really beautiful. The fire works were so-so.

(This was on the 20th, before the parade that day we had the Marsh Harbour Yacht Club meeting and cocktail party)

The 15th was Kip's Happy hour. (I did it alone since Mort was miffed and didn't feel like going.)

The 16th we had a great party time on Promise. Cindy & Bob did a great job.

The 17th was a good party - Champagne & cake at 11:00 A.M. given by Bobbi Poo.

The 18th was Dinner at Manages - alone with each other.

The 19th was a Captain meeting and cocktail party at Manago's (the meeting was about the boat parade)

The 20th - Last night was the boat parade, after the Yacht Club and then a party on Child's play where we watched the Fireworks. The parade was a hoot. We had great fun.

And tonight there is supposed to be a party at The Turners house at the Castle. However, we don't know if this will come off since there is a gale and torrential rain.

In any event we are really partied out and hope that we get no more invitations. The next party scheduled is Christmas Day. The Christmas party given by the ~~expansion~~ cruisers at Marsh Harbour Yacht Club. (\$6 per person and every couple brings a dish.)

We never made Jack & Joanne's party. - 50 K winds - torrential rain and more.

Thurs; Dec. 22, 1994 through ~~26~~ 26, 1994 Couch Inn

Fought the water intrusion forward. Found that 2nd Bow window from Port leaks into the area under con and then down into the fwd. deck and office area.

Had a quiet Christmas. Quality time! Temperature cool - wind - sun.

Couch Inn

Decided to reciprocate. We invited all of those folks who entertained us aboard their vessels to join us for cocktails aboard Miss Shugah Too, tomorrow. All day we shopped (Mort) and made goodies (me).

We had a great party. Walter & Sally Childs, "Childs play", Katy & Al Vogel of Shamrock - Kay & Buddy of Just Coasting - Tom & Dawn of Anodyne - James & Griselda of Sabatha, Paul & Mary Kay, Walter and Sally's Kids.

We served shrimp - Veggie Dip w/ Crudete, fresh salmon/dill dip - crackers - smoked oysters and the cocktails of their choice. It was fun.

Marsh Harbour

We rested - straightened from the party, and I roasted a Turkey with Corn Bread, sausage stuffing so we could have munchies during the Holiday weekend.

Friday - Dec. 30, 1994

R & R & R - Rest, Relaxation and Rummy Tiles.

Sat. 31st 1994 - Last Day of 1994

We relaxed - Went on a date - Just Mort & I - to Mapp's for New Years dinner. We had Venison etc. Very Very Good. Then we made a showing at Anodyne's New Years Party. We crashed before Midnight and awoke at 12 Midnight to the sounds of Cannon. We kissed & went back to sleep.
